OUR SERVICES

Overview

Using the most innovative technologies, we provide customized solutions at extremely competitive rates. You can count on us to deliver your shipments punctually and reliably, wherever they need to go.

ROAD FREIGHT

We offer domestic and cross-border trucking services as well as correspondents based in strategic locations so you can ship your goods along all your business routes.

Dedicated to providing door-to-door services and tailored solutions to clients, Everest always adheres to the highest standards of quality and complies with environmental regulations.

Our team will handle the entire surface supply chain, whether you need just a single parcel delivered or a comprehensive surface supply chain. We have a fleet of trucks that can transport goods to any location and we've already helped millions of shipments go smoothly with our road freight shipping solutions.

AIR FREIGHT

A wide selection of first-class airlines provides excellent transportation connections as well as tracking our shipments continuously. You can count on our air freight products to stay on schedule, and keep your budget in check, whether your shipment needs to be delivered quickly or you have large cargo to ship. Our service types are varied so that everyone can find something that suits their needs and requirements.

OUR SERVICES

Overview Continued

OCEAN FREIGHT

Through strong relationships with major, trustworthy, and efficient maritime carriers, Everest provides competitive and flexible services, and manages large amounts of traffic even during peak season, offering guaranteed cargo spaces at affordable rates. Our experience and global presence allows us to handle many of the major routes in the world along with deep knowledge of customs and international traffic regulations. We move vast amounts of containers every year.

HIGH VALUE LOGISTICS

Our cargo services include transporting banknotes, gold coins, precious metals, diamonds, jewellery, gems, art, electronics, pharmaceuticals, and other valuables. Additionally, we offer insurance and customs clearance services.

Customised valuables solutions include:

- Private Charter
- Airline Freight
- Ground Haul
- Tactical Support

WAREHOUSING & STORAGE

With an extensive network of warehousing solutions, we cater to a diverse range of clients. In addition to shared and dedicated warehousing, we offer refrigerated storage facilities and medical equipment storage to meet the unique requirements of our clients across several industries.

Moreover, we offer businesses storage and logistics solutions for dangerous goods and hazardous chemicals/ materials that have dangerous elements.

With Everest's existing relationships with major importers in Africa, loading authorities are obtained far faster than the average. Documents are also vetted before shipment, minimizing time delays even further.

HAZCHEM TRANSPORTATION

As a Hazchem-certified organization, our drivers and trucks are properly equipped for hazardous chemical transport, our trucks are also equipped with all the necessary safety equipment.

We provide hazardous chemical training to all drivers, and we require them to hold a Hazchem license and a dangerous goods permit (DGP).

Our fleet of vehicles are equipped with fire extinguishers, appropriate signage, licenses for dangerous goods, cut-out switches, and satellite tracking so that our drivers can be tracked in real-time and remain safe.

In addition to Goods in Transit insurance, we ensure full compliance with Dangerous Goods, Trem cards, Declarations and Route Planning as required.
